

To whom it may concern

My name is Christine Fox, and I am the Day Program Manager at Cornerstones Special Needs Services.

Recently, our program has had the pleasure of connecting with the **Dundas Modular Railway Club**. Each Wednesday evening, our participants have the opportunity to attend the club meeting night hosted by the **Dundas Modular Railway Club**.

This partnership provides a wonderful opportunity for our participants to engage in meaningful **peer-to-peer activities** within the community. The train club offers an inclusive, welcoming, and nurturing environment where our participants can interact with others, develop social connections, learn new skills, and participate in an activity that they genuinely enjoy.

We are very grateful to the **Dundas Modular Railway Club** for welcoming our participants and creating an environment where everyone feels included and valued. Opportunities such as this are extremely important to the individuals we support, as they help promote community inclusion, social engagement, and a sense of belonging.

Cornerstones would be interested in more social events and any opportunities that the **Dundas Modular Railway Club** has to offer.

We look forward to continuing to build this partnership and providing our participants with opportunities to be active and engaged members of their community.
